**OPERATION: WORKFORCE**

★★★★★ SUPPORTING GEORGIA'S VETERANS

# OPERATION: WORKFORCE

Operation: Workforce is the State of Georgia's veteran and transitioning service member employment initiative. This program serves two roles: to connect current and former service members with the workforce system, and to connect Georgia businesses with this highly skilled workforce. This is accomplished through the Operation: Workforce website which hosts a job portal and provides access to resources. And also through partnerships with installations, LWDA's, chambers of commerce, higher educations, non-profits, and veteran centric groups.
